# CHAIRMAN ADID BARBOTI

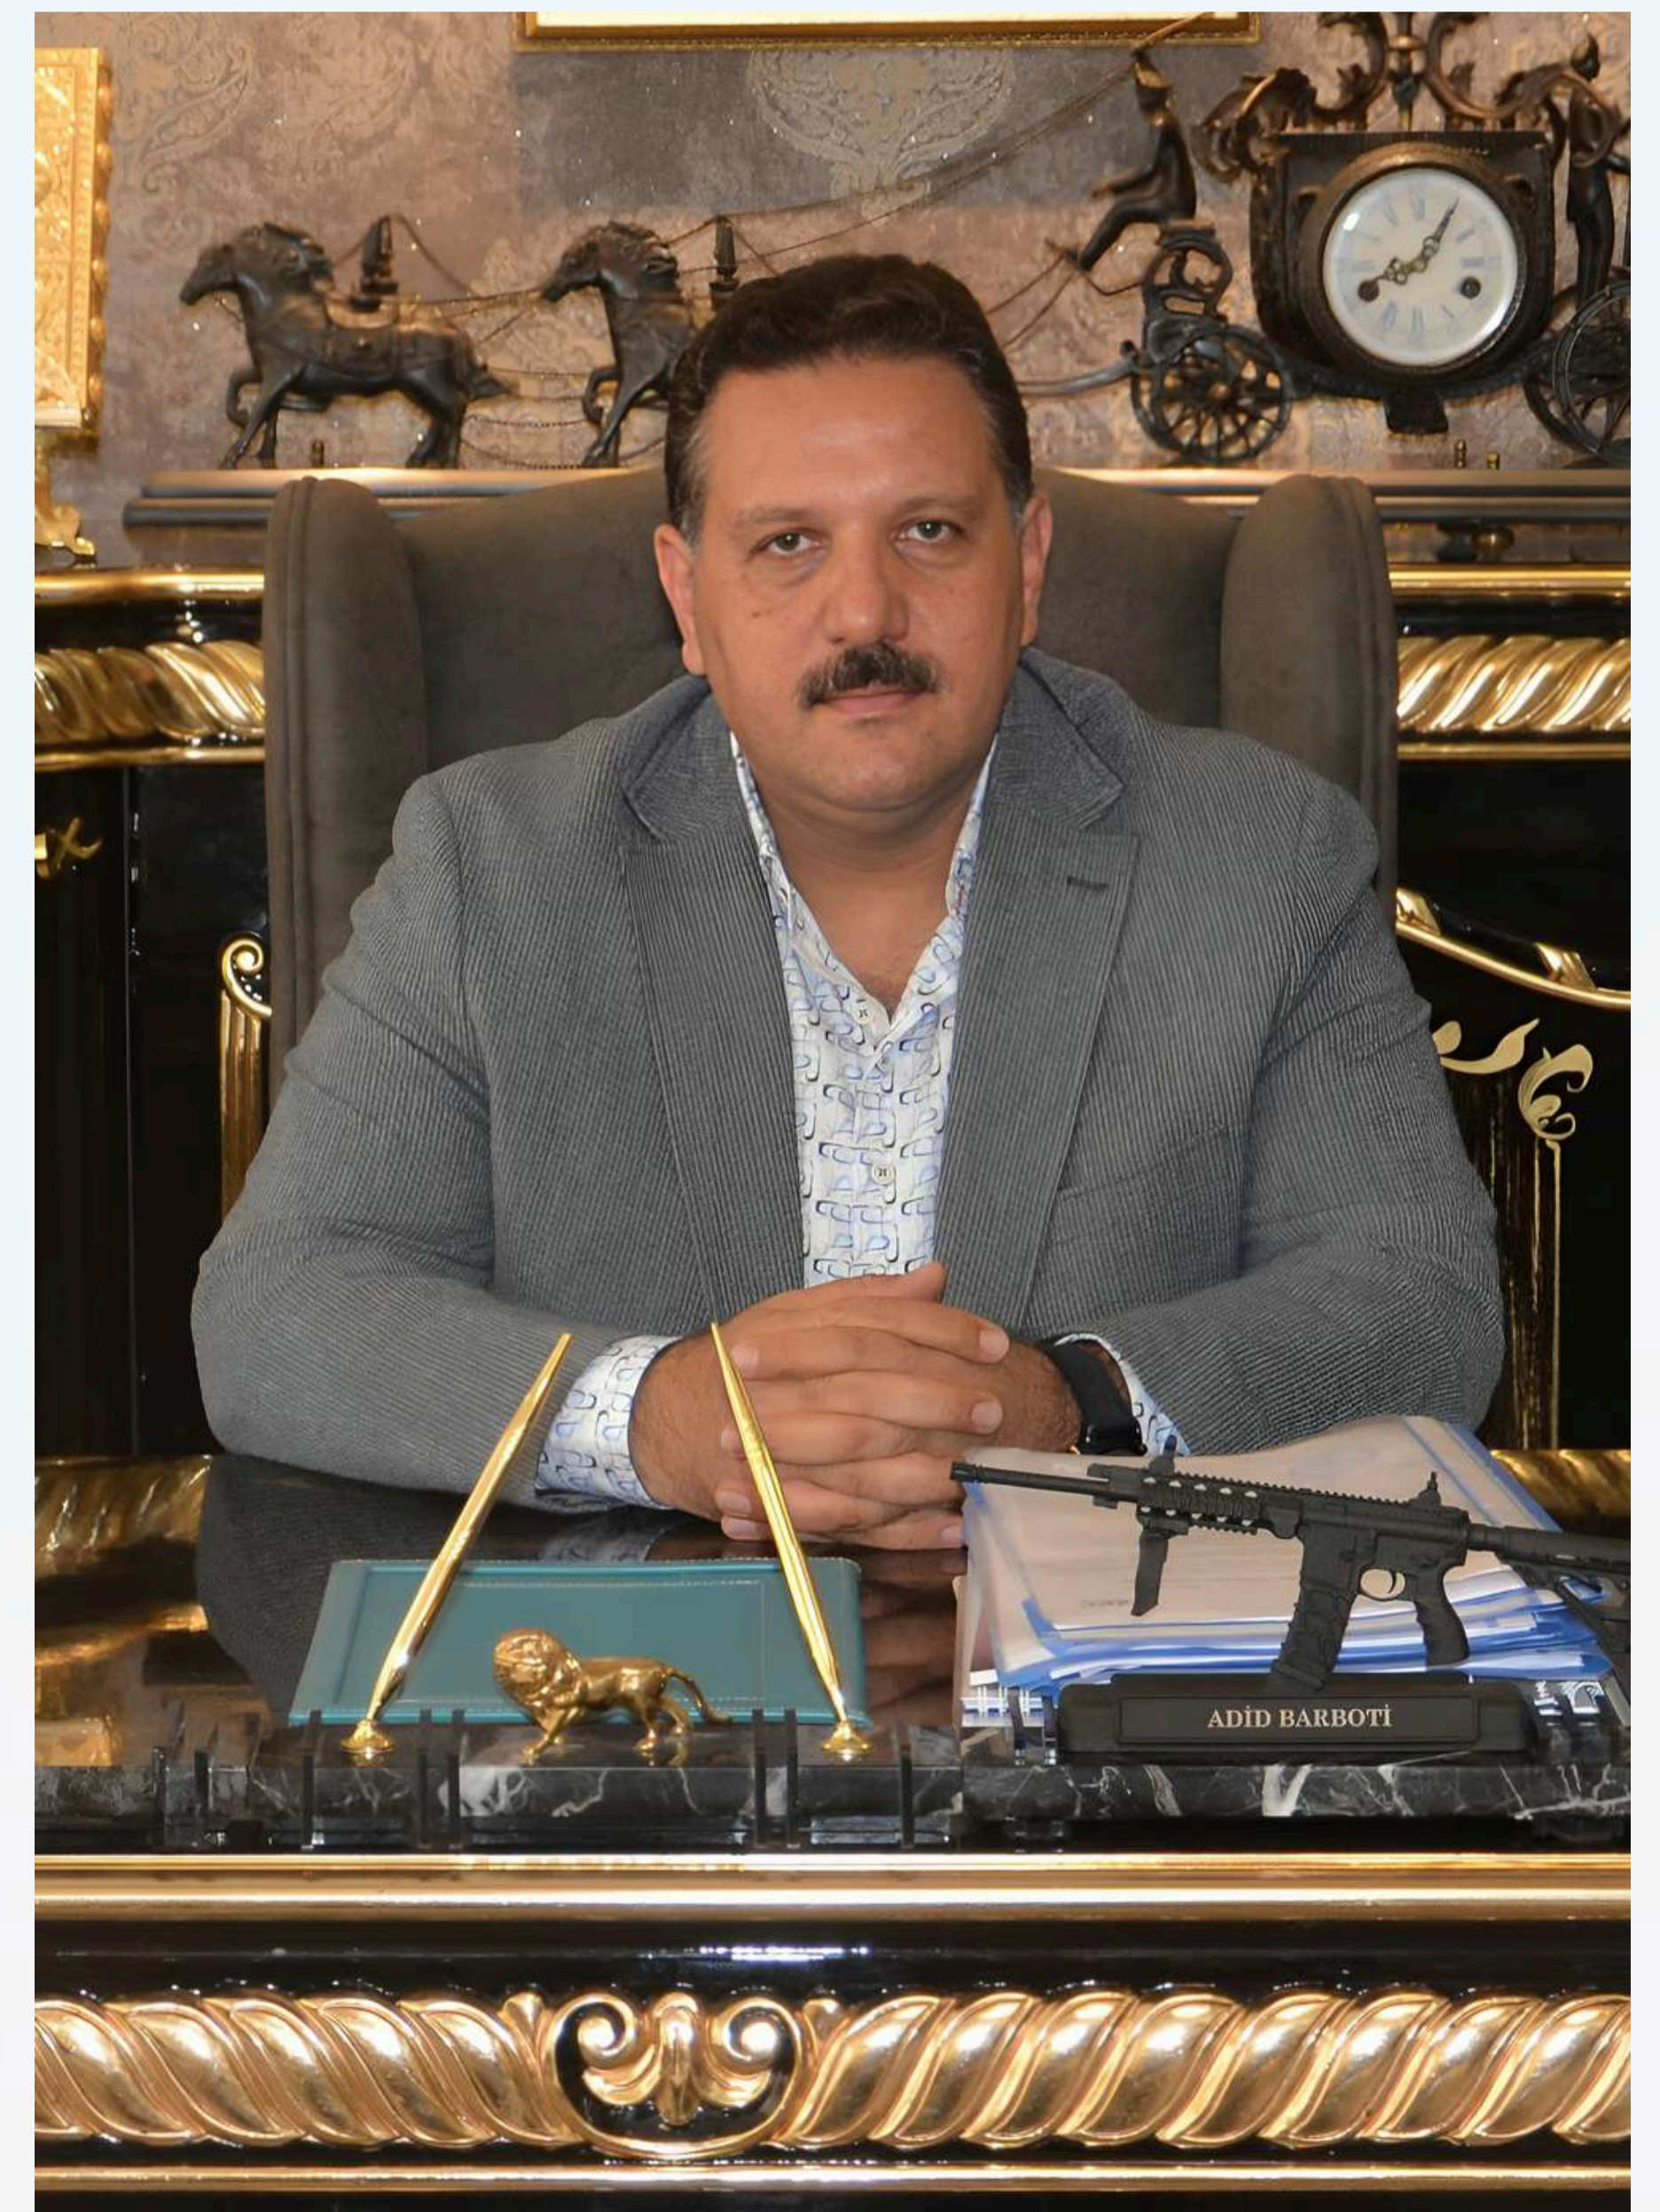

“SUCCESS IN MANAGEMENT REQUIRES LEARNING  
AS FAST AS THE WORLD IS CHANGING.”

- Born in Iraq.
- +30 years business experience.

- a dynamic leadership across a diverse range of industries and sectors
- The investments kept going successfully even in shadow of SARS-CoV-2 in Türkiye.

# WHO ARE WE ?

- A DIVERSIFIED GLOBAL HOLDING COMPANY WITH OPERATIONS IN :

**Arms  
Product**

**Air  
transportation**

**Defense**

**Aviation  
management**

**Energy**

**Tourism**

# GOALS AND OBJECTIVES

## Objective n° 1

For those years of our constant development in Türkiye, we have reached incredible heights, and we can confidently say that we are one of the leading providers of quality Arms & defense products in Türkiye.

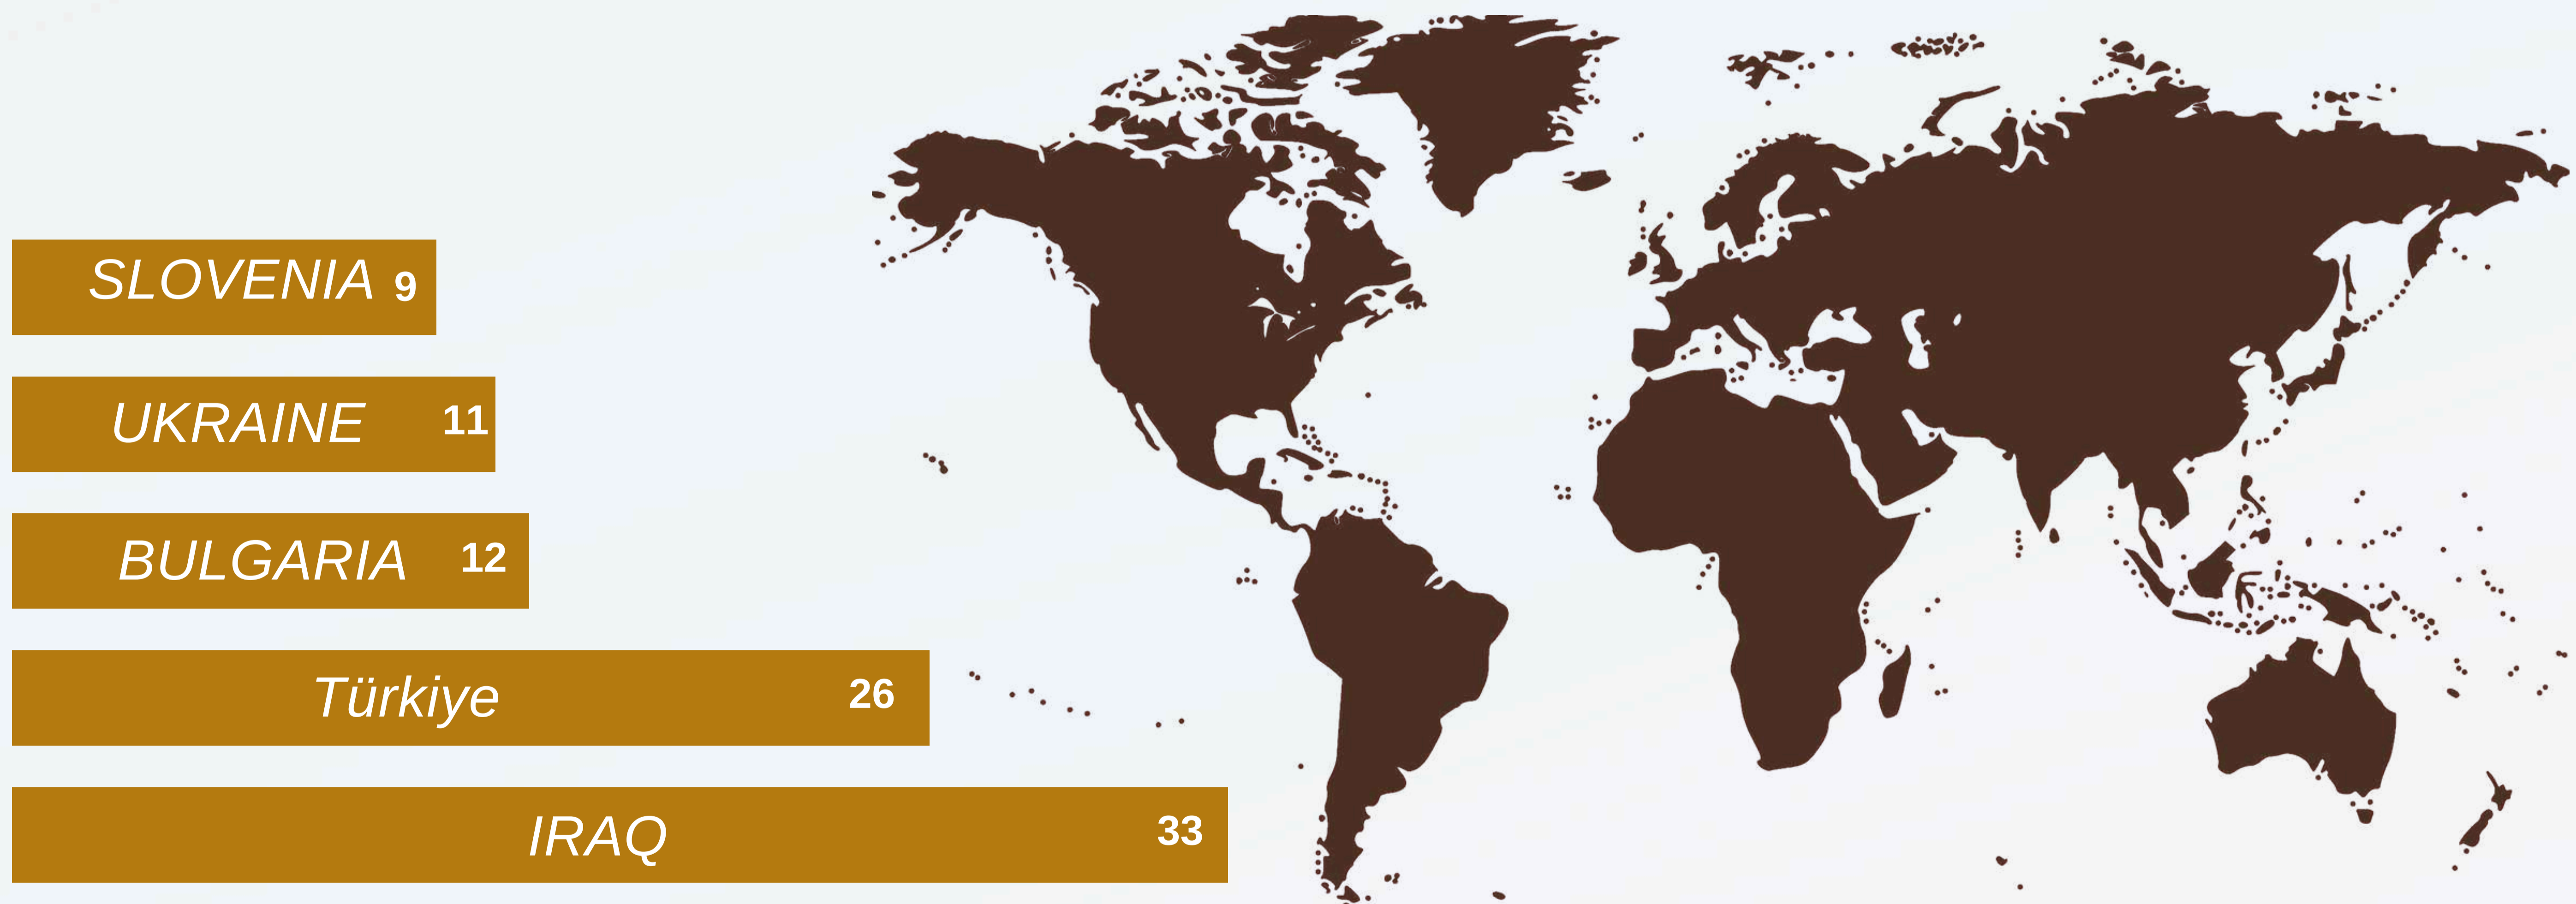

## Objective n° 2

We have inexhaustible inspiration; we efficiently and harmoniously work on the Real Estate/Construction of high-quality structures.

## Strategic mission is to provide

- The best production a wide range of business categories
- Become the most quality choice at a worldwide recognized brand.
- In the aviation sector we plan to become one of the active players in the European and Middle East markets by expanding its fleet on the way to air taxi management.

# Our Global Relations

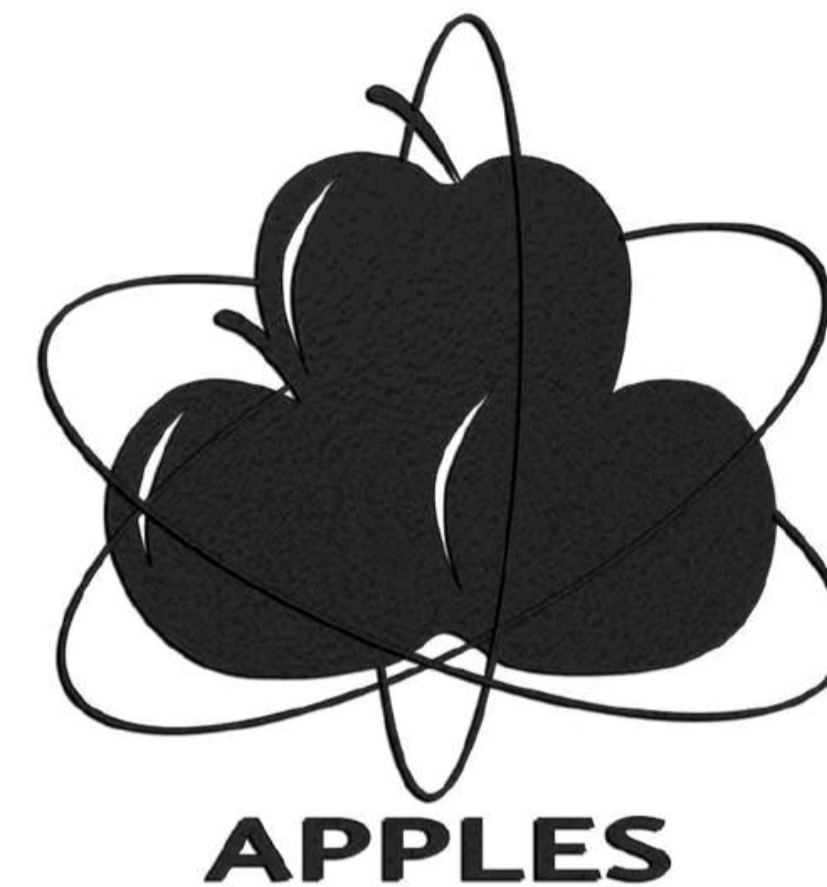

◦ AS BARBOTI HOLDING, WE SEE OURSELVES AS A BRIDGE IN THE TRADE BETWEEN EAST AND WEST.

## OUR COMPANY

AG Platinum Defense  
Industry JSC.

Apples Int.  
Trade JSC.

Royal Forjet  
Aviation JSC.

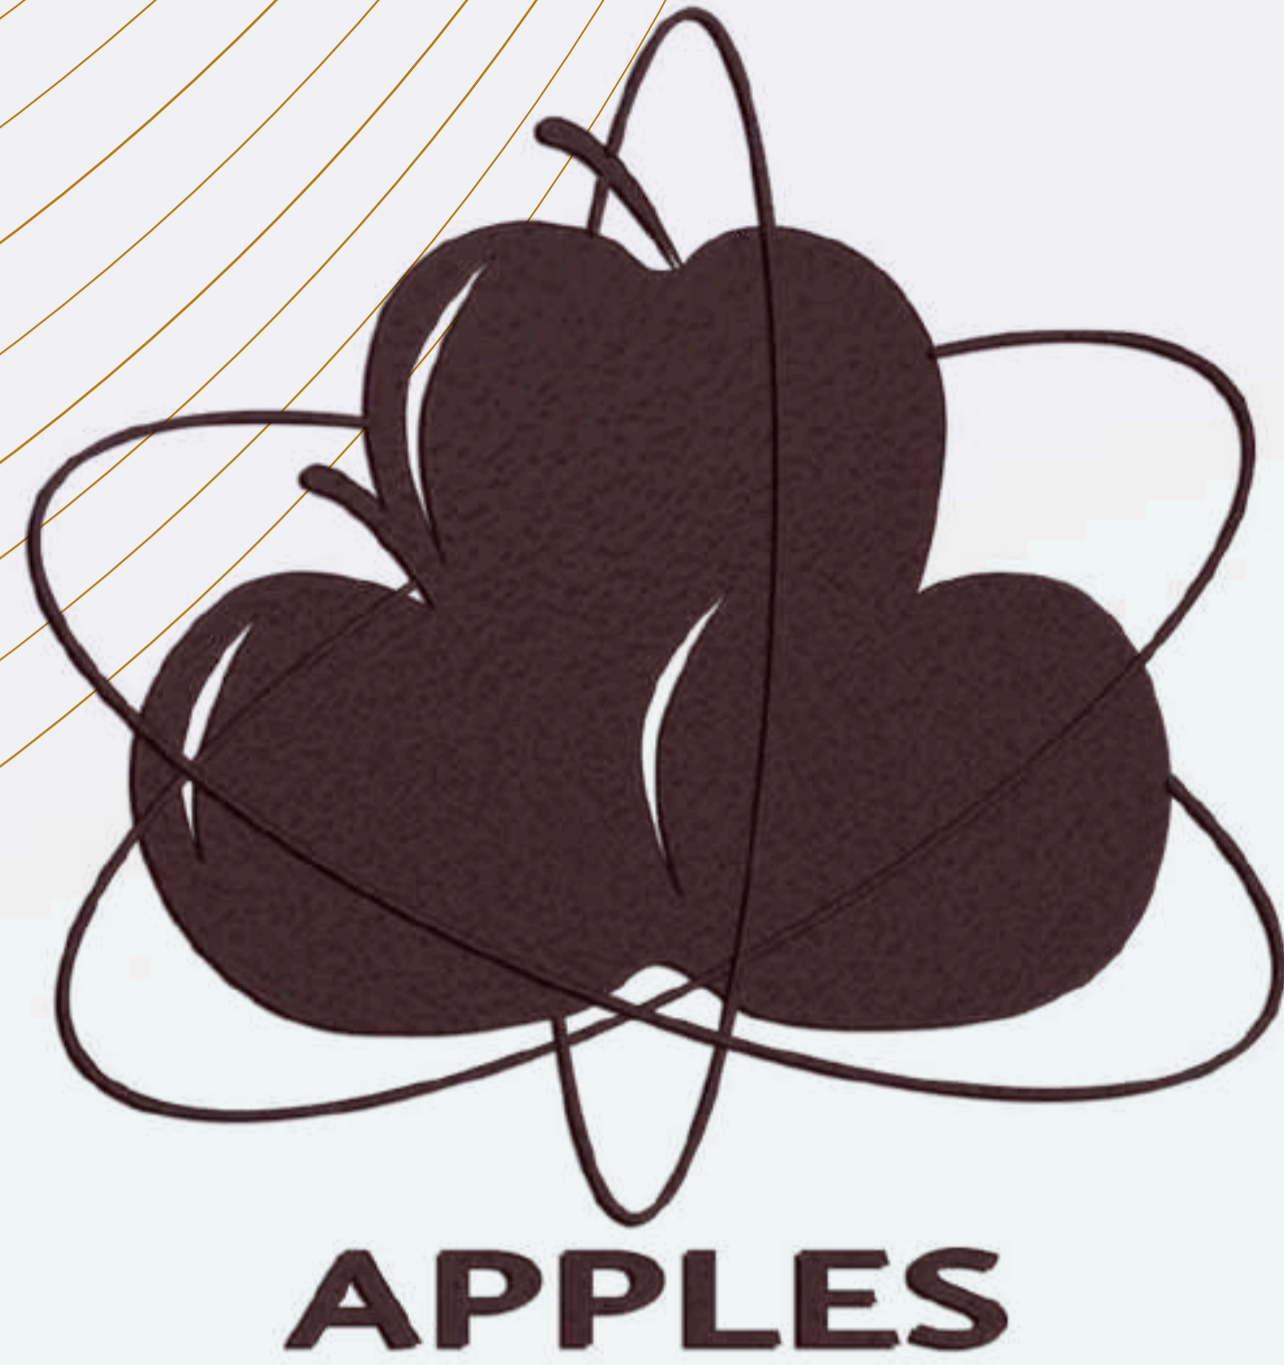

Siwarco Real  
Estate JSC.

- **AG PLATINUM DEFENCE INDUSTRY JSC.**

- **AG Platinum is representative of HS Products in Türkiye. Equipped with unparalleled experience forged across 30 years of firearms production/representation, HS has grown into one of the world's leading manufacturers of top-quality small arms, rifles with one of the largest production factories in the business.**
- **AG Platinum powered by HS !**

- **APPLES INT. TRADE JSC.**

- **Apples is the main column for trading between Middle East countries and Türkiye at Barboti Holding. It offers solutions for export and import products in various sectors.**
- **Especially with our strong financial structure and our understanding that always adapts to global dynamics, our goal is always better, always newer. Apples Int. Trade JSC continues to export & import activities in Ankara currently.**

## ◦ ROYAL FORJET AVIATION JSC.

- Royal Forjet has come a long way in the aviation sector in a short time with its aviation experienced staff and has added a new one to its activities by adding Hawker 400A & Hawker 800XP type aircrafts to its fleet in order to make air taxi in early 2019.
- Royal Forjet, which cares about human resources and has set out believing that this is the carrier columns of business life, has started negotiations to add 3 more mid & long range business jets to its fleet in a short time in order to cover market requirements.
- Additionally, Royal Forjet will be announced FORJET-Card™ programme which is not exist in Türkiye and the best loyalty application soon.

- **SIWARCO REAL ESTATE JSC.**

- **SIWARCO Real Estate provides High-Quality life places. Supplying end-to-end service for VIP Real Estate clients in Türkiye with an engagement to demand.**
- **The aim of the company since the first day founded; to provide perfect service with a reliable, principled and ethical working discipline. Siwarco Real Estate JSC headquarter is located at Beylikdüzü region which is the rising value of Istanbul.**

## ○ OTTOPERLA HOTEL PROJECT

- Ottoperla Hotel offers a comfortable relaxation in city life with its magnificent location on the shores of the Marmara Sea and rooms with sea views. With its location close to the historical sites of Istanbul and all the details thought out for comfort and modern architecture, Ottoperla Hotel invites to have a great accommodation experience.
- The mission of Ottoperla, which welcomes its guests with this privileged hospitality principle, is to demonstrate the highest example of Turkish hospitality.
- There are 120 rooms (1 Suite, 15 Junior Suites, 15 Family Rooms, 89 Superior Rooms) in the hotel, which consists of 15 floors and is furnished in a modern style with the latest technology.

# OTTOPERLA HOTEL

- **ROYAL FORJET AVIATION JSC.**

- Royal Forjet, which is trying to make private jet charter easier, which many people see as difficult, produces different solutions for the sector. Therefore, Royal Forjet Aviation ready for the demands of its customers with its strong fleet.
- Our flight crew provides a comfortable and safe flight with their sincerity and experience.
  - With the two-seater aircraft in the Royal Forjet family, we are glad to step into the sportive aviation industry.

- **AFRICAN MINIFOOTBALL CUP**

- Mini World Cup 2021 Nigeria tournaments were sponsored by Barboti Holding. There is a great interest in these tournaments, which have a large audience all over the world.
- The agreements for the tournaments to be held in our country in 2022 continue. As Barboti Holding, we are happy that such a sports activity will take place in our country.
- Barboti holding will continue to be an company that gives importance to sports, talent and development...

## ◦ IRAQ CONSULTANTS PROJECT

- In the Iraq Consultants project, we had the opportunity to work with leading people in the sector and produce projects. Thanks to this project, which strengthened the connection between Iraq and Croatia, many relations were based.

## ◦ RELATIONS BETWEEN IRAQ AND CROATIA

Republic of  
Iraq

Republic of  
Croatia

businessmen word ;*

# **FEASIBILITY STUDY**

**THIS FEASIBILITY STUDY IS PREPARED ON BEHALF OF THE  
BARBOTI HOLDING**

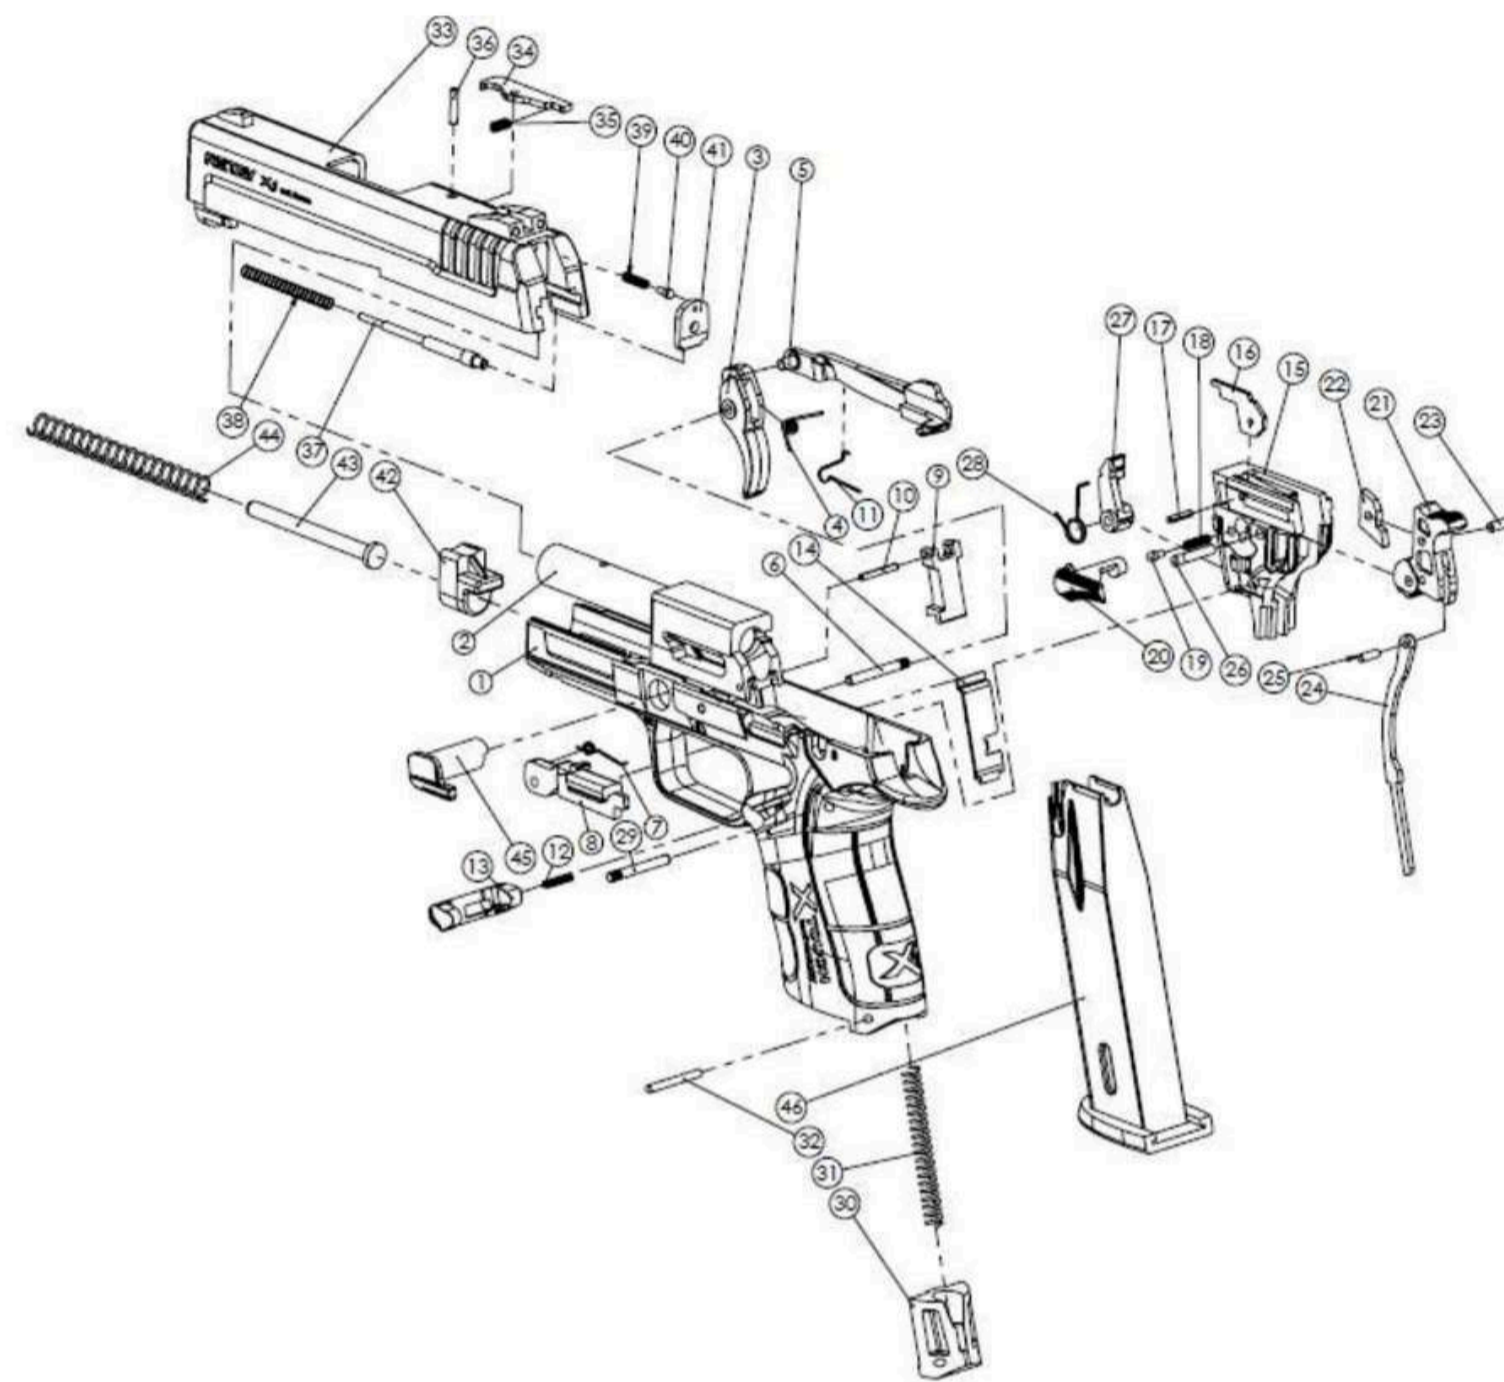

## Lathe machine

It is suitable for operations such as length completion of cylindrical parts, pipes and solid materials, surface machining and internal hole diameter machining.

**Pistol 9mm**

**Lathe machine**

It is suitable for operations such as length completion of cylindrical parts, pipes and solid materials, surface machining and internal hole diameter machining.

tapping machine

It is used for pulling guides from m4 to m24 easily and practically.

milling machine

You can perform surface treatment of square and non-linear metal parts.

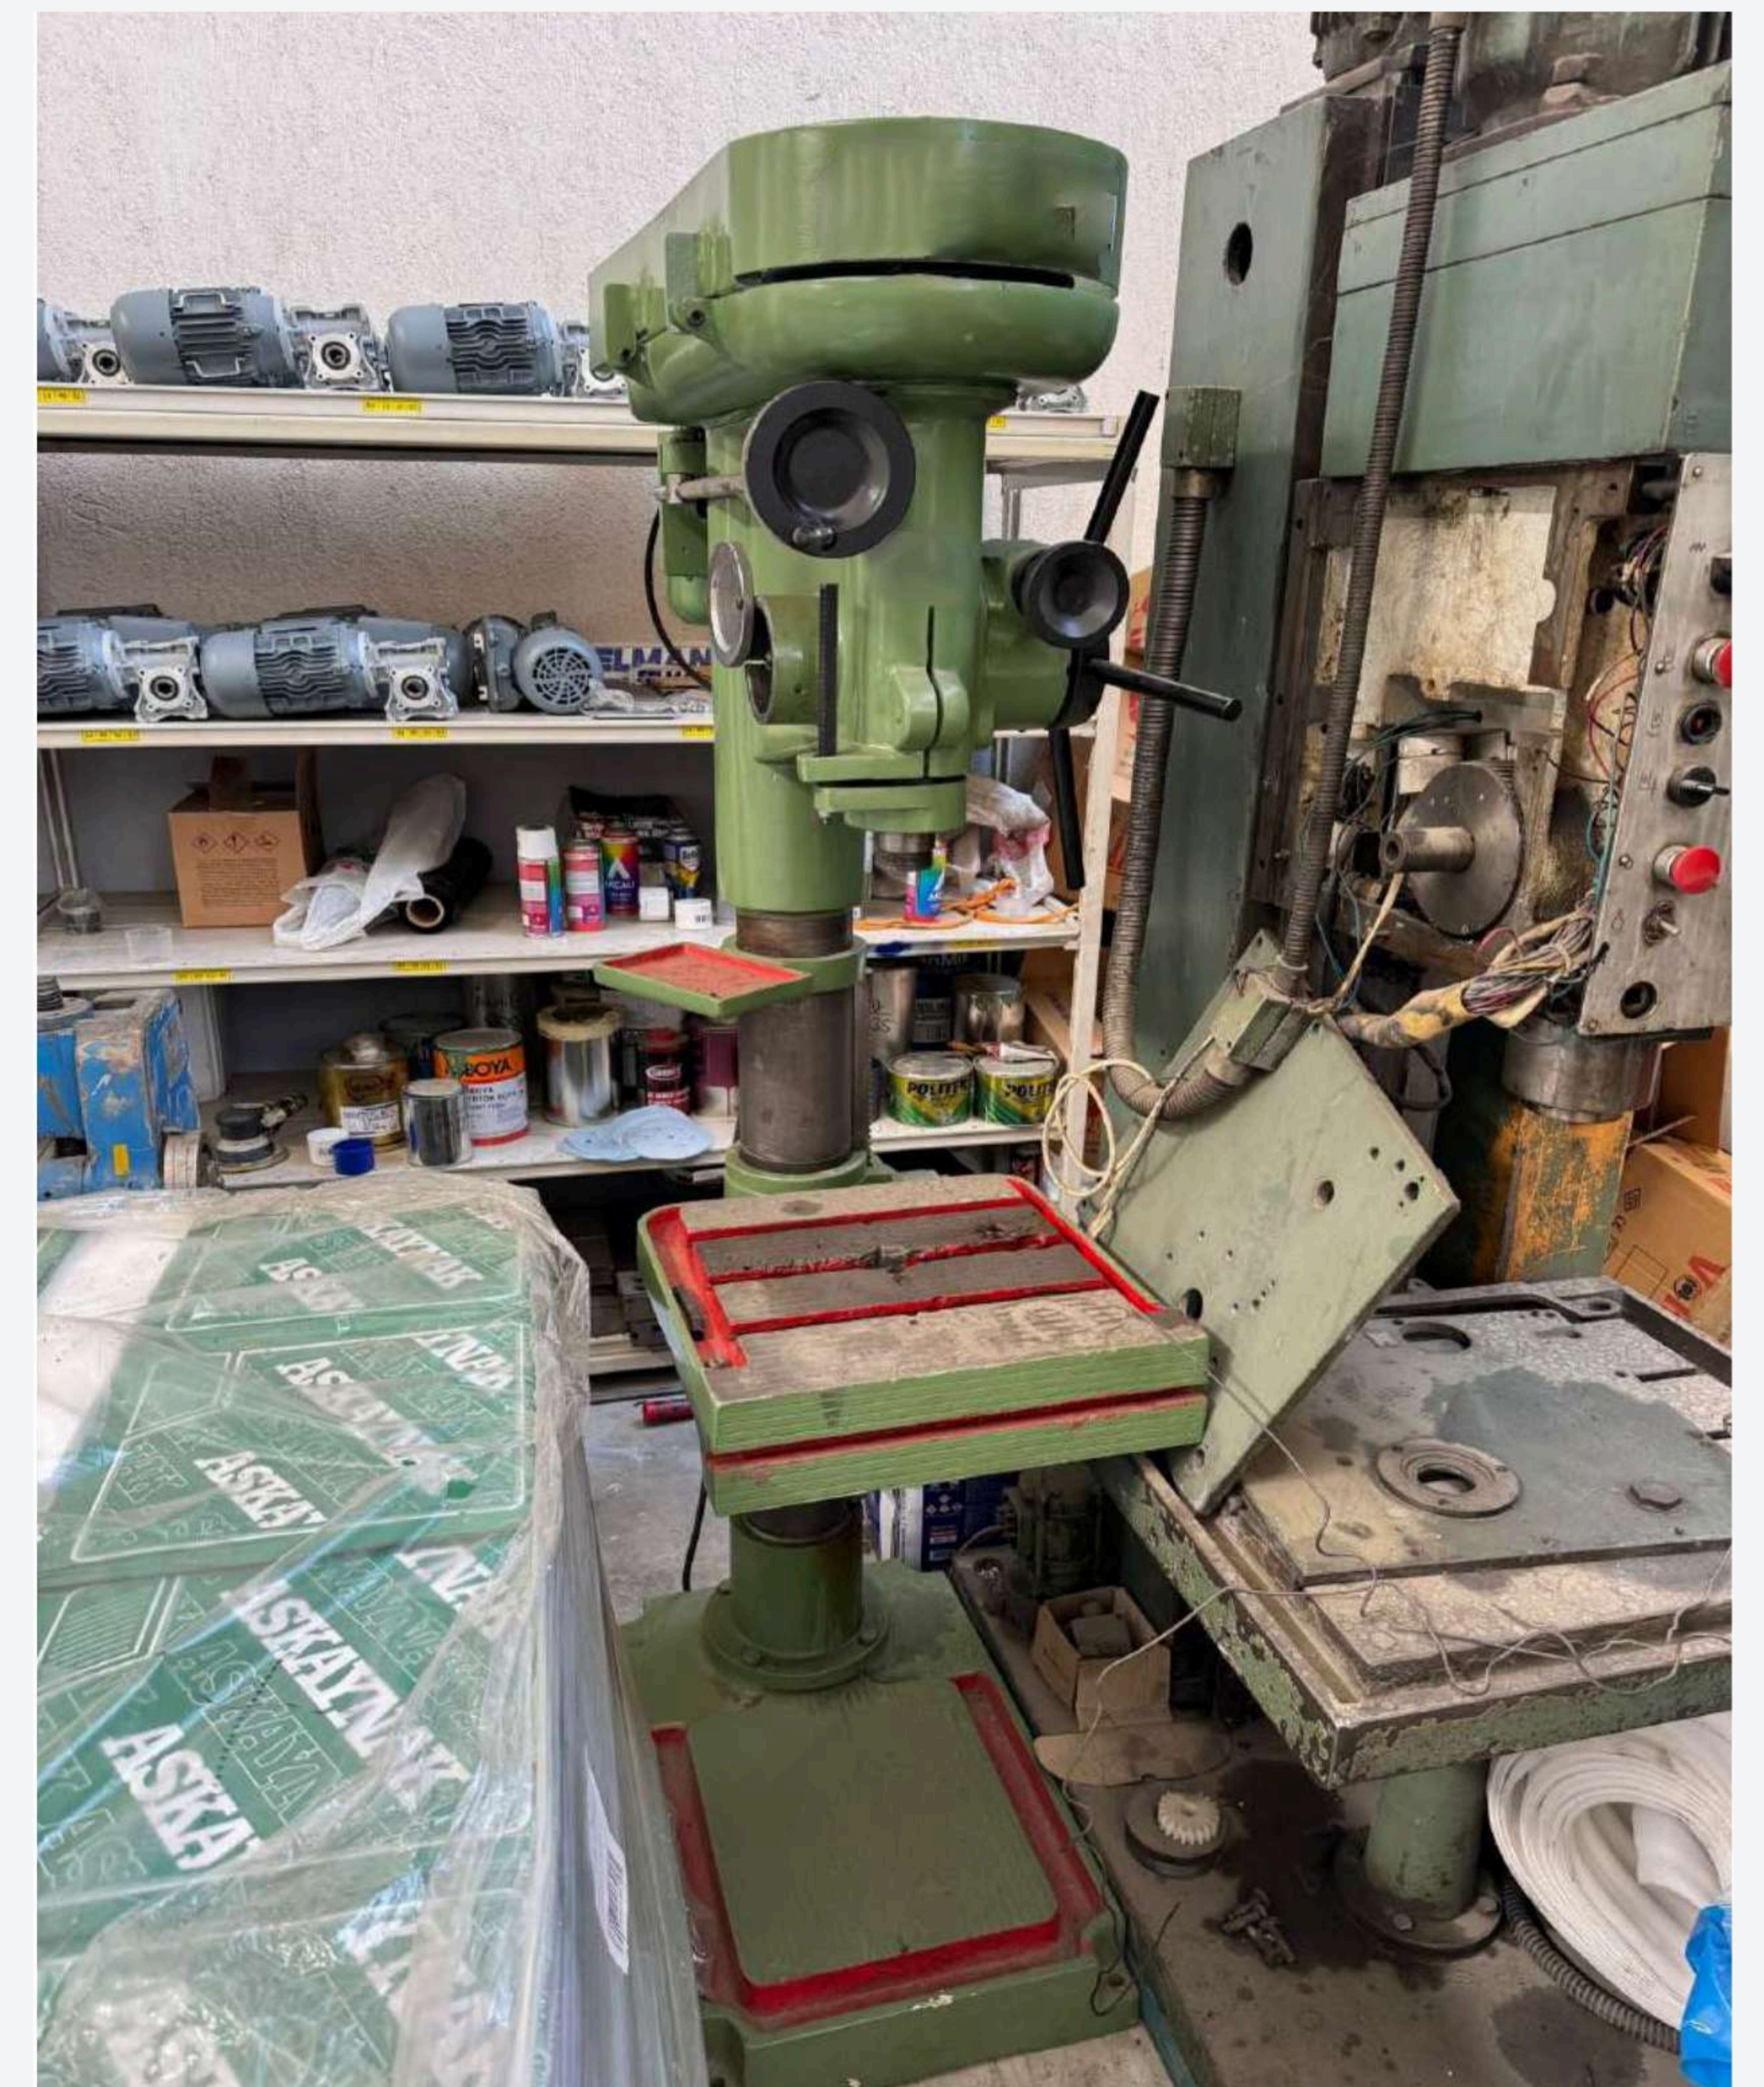

small drill press

It is practically used in drilling and reaming operations of metal parts. It takes up little space as it is on the table and can also be used in sensitive operations.

column drilling machine

Drilling of long and large parts is easily done thanks to the movable table. In addition to small diameters, holes up to 40mm diameter can be drilled.

Specially designed and manufactured groove-set machine

### **PRODUCTION CAPACITY:**

- THE DAILY PRODUCTION CAPACITY PER PRODUCTION LINE IS 750 PIECES DURING A 10-HOUR OPERATIONAL PERIOD.
- WITH TWO PRODUCTION LINES, THE DAILY PRODUCTION CAPACITY BECOMES 1,500 PIECES, EQUIVALENT TO 45,000 PIECES PER MONTH.
- THE COST OF PRODUCING A SINGLE PIECE IS \$165.

### **MONTHLY PRODUCTION COSTS:**

- BY MULTIPLYING THE UNIT COST OF \$165 BY THE 45,000 PIECES PRODUCED PER MONTH, THE TOTAL MONTHLY PRODUCTION COST AMOUNTS TO \$7,425,000.

### **SALES PRICE AND REVENUE:**

- THE SELLING PRICE PER PIECE IS \$425.
- THE MONTHLY REVENUE, CALCULATED BY MULTIPLYING THE SELLING PRICE OF \$425 BY THE NUMBER OF PIECES PRODUCED (45,000), TOTALS \$19,125,000.

## **ROCKET & LOUNCHER SOLUTIONS**

**Module-1: Theoretical Education**

**Module-2: Simulation**

**Module-3: Practical Flight Training**

---

1. CONTROL SURFACES
2. TELEMETRY DATA READING
3. BALANCE & MANEUVERING
4. RUNWAY FACE
5. AIR CONDITIONS DIVERT & RETURN TO
6. BACK IN SAFE REFLEX TRAINING AERIAL
7. PHOTOGRAPHY & RECORD VIDEO
8. PRODUCTION
9. LIVE STREAMING
10. AUTONOMOUS MAPPING FLIGHTS
11. INSPECTION & ANALYSIS FLIGHTS
12. KAMIKAZE ATTACK FLIGHTS
13. DROP MORTARS
14. SHOOTING TARGETS

**TOTAL COURSE: 70 DAYS - CLASS CAPACITY MAXIMUM= 20**

**MODULE-4: CODING AND MANUFACTURING & DESIGN TRAINING**

**MODULE-5: MANUFACTURING UAV FUSALAGE(FRAME), VTOL PLANE,  
MULTICOPTERS FRAME, PRODUCTION LINE**

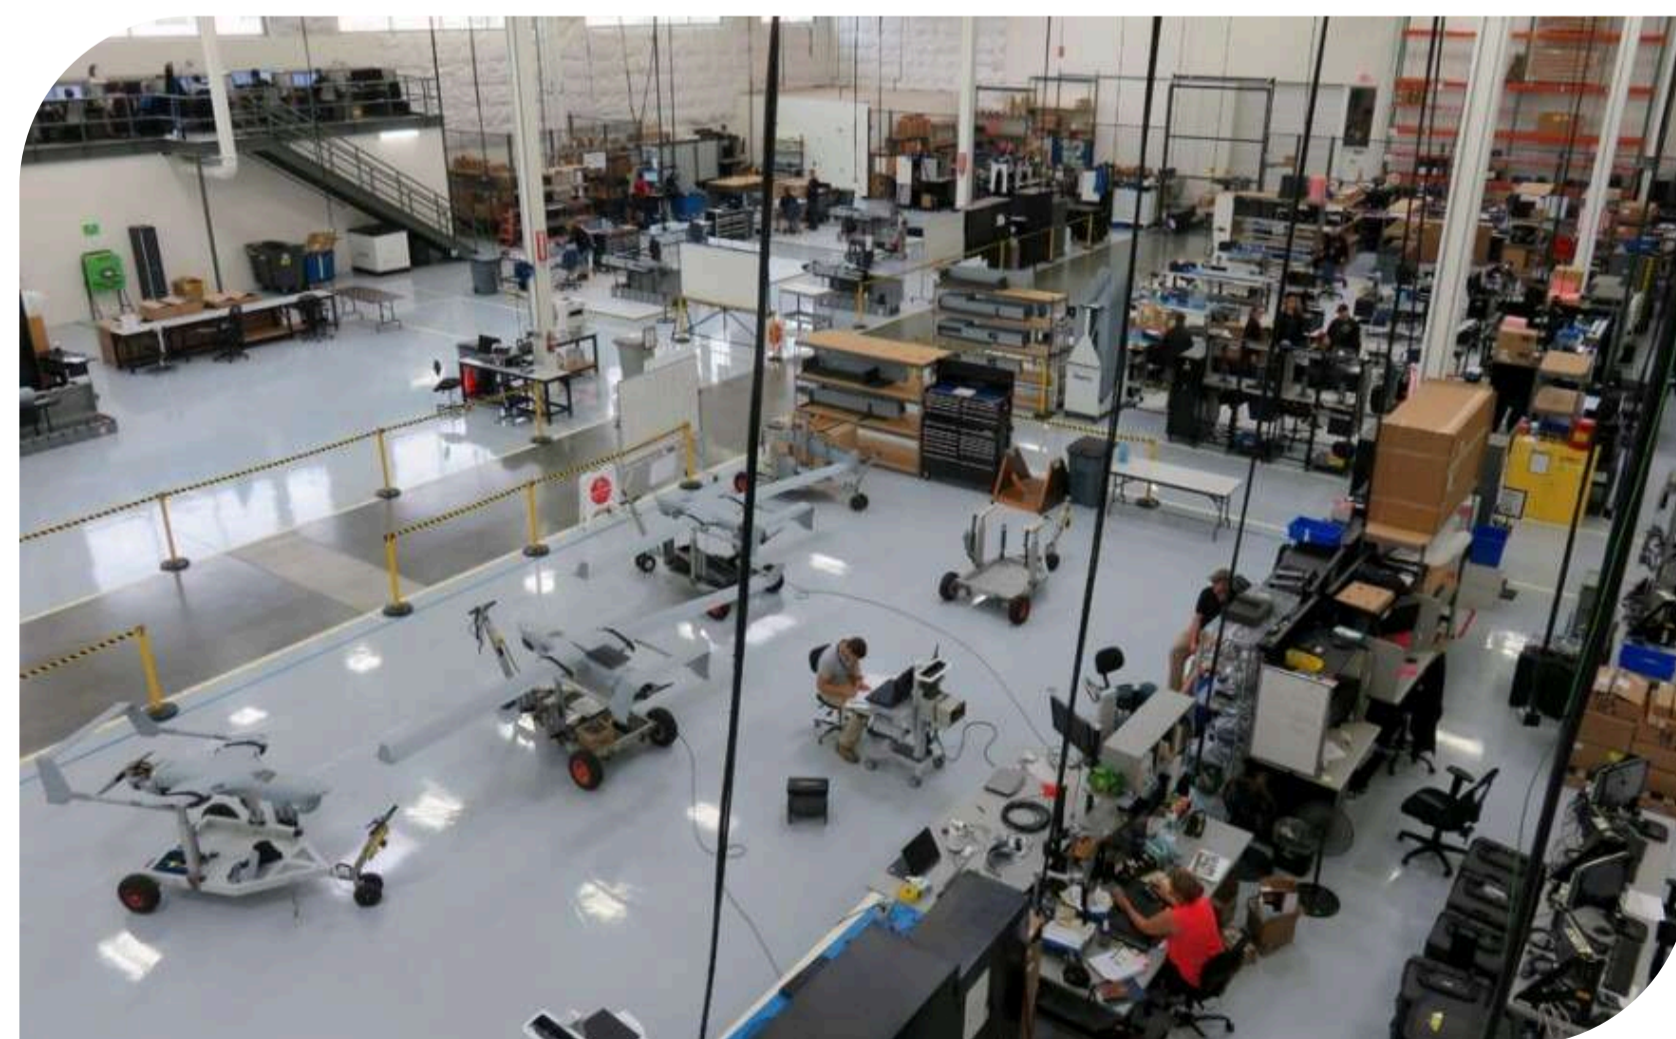

## **ADVANTAGES OF TOT MODULES 4-5**

- 1.CODING TEAM
- 2.DESIGNER TEAM
- 3.DEVELOPER R&D TEAM
- 4.REPEARING TEAM
- 5.COMPOSITE PRODUCTION LINE
- 6.CNC MOLD LINE& TEAM
7. PAINTING LINE
- 8.3D PRINTER FARM LINE
- 9.MIDDLE SIZE FACTORY (100 UAV CAPASITY PER YEAR)
- 10.QUALITY CONTROL SERVICE

**TOTAL COURSE: 70 DAYS - CLASS CAPACITY MAXIMUM= 20**

1. NO RENT AND BUY
2. DOING BY YOURSELF
3. SPEED
4. EXPORT
5. REDUCING COST
6. INCREASING COUNTRIES ECONOMY
7. LEADERSHIP IN AFRICA!
8. INDEPENDENCE...

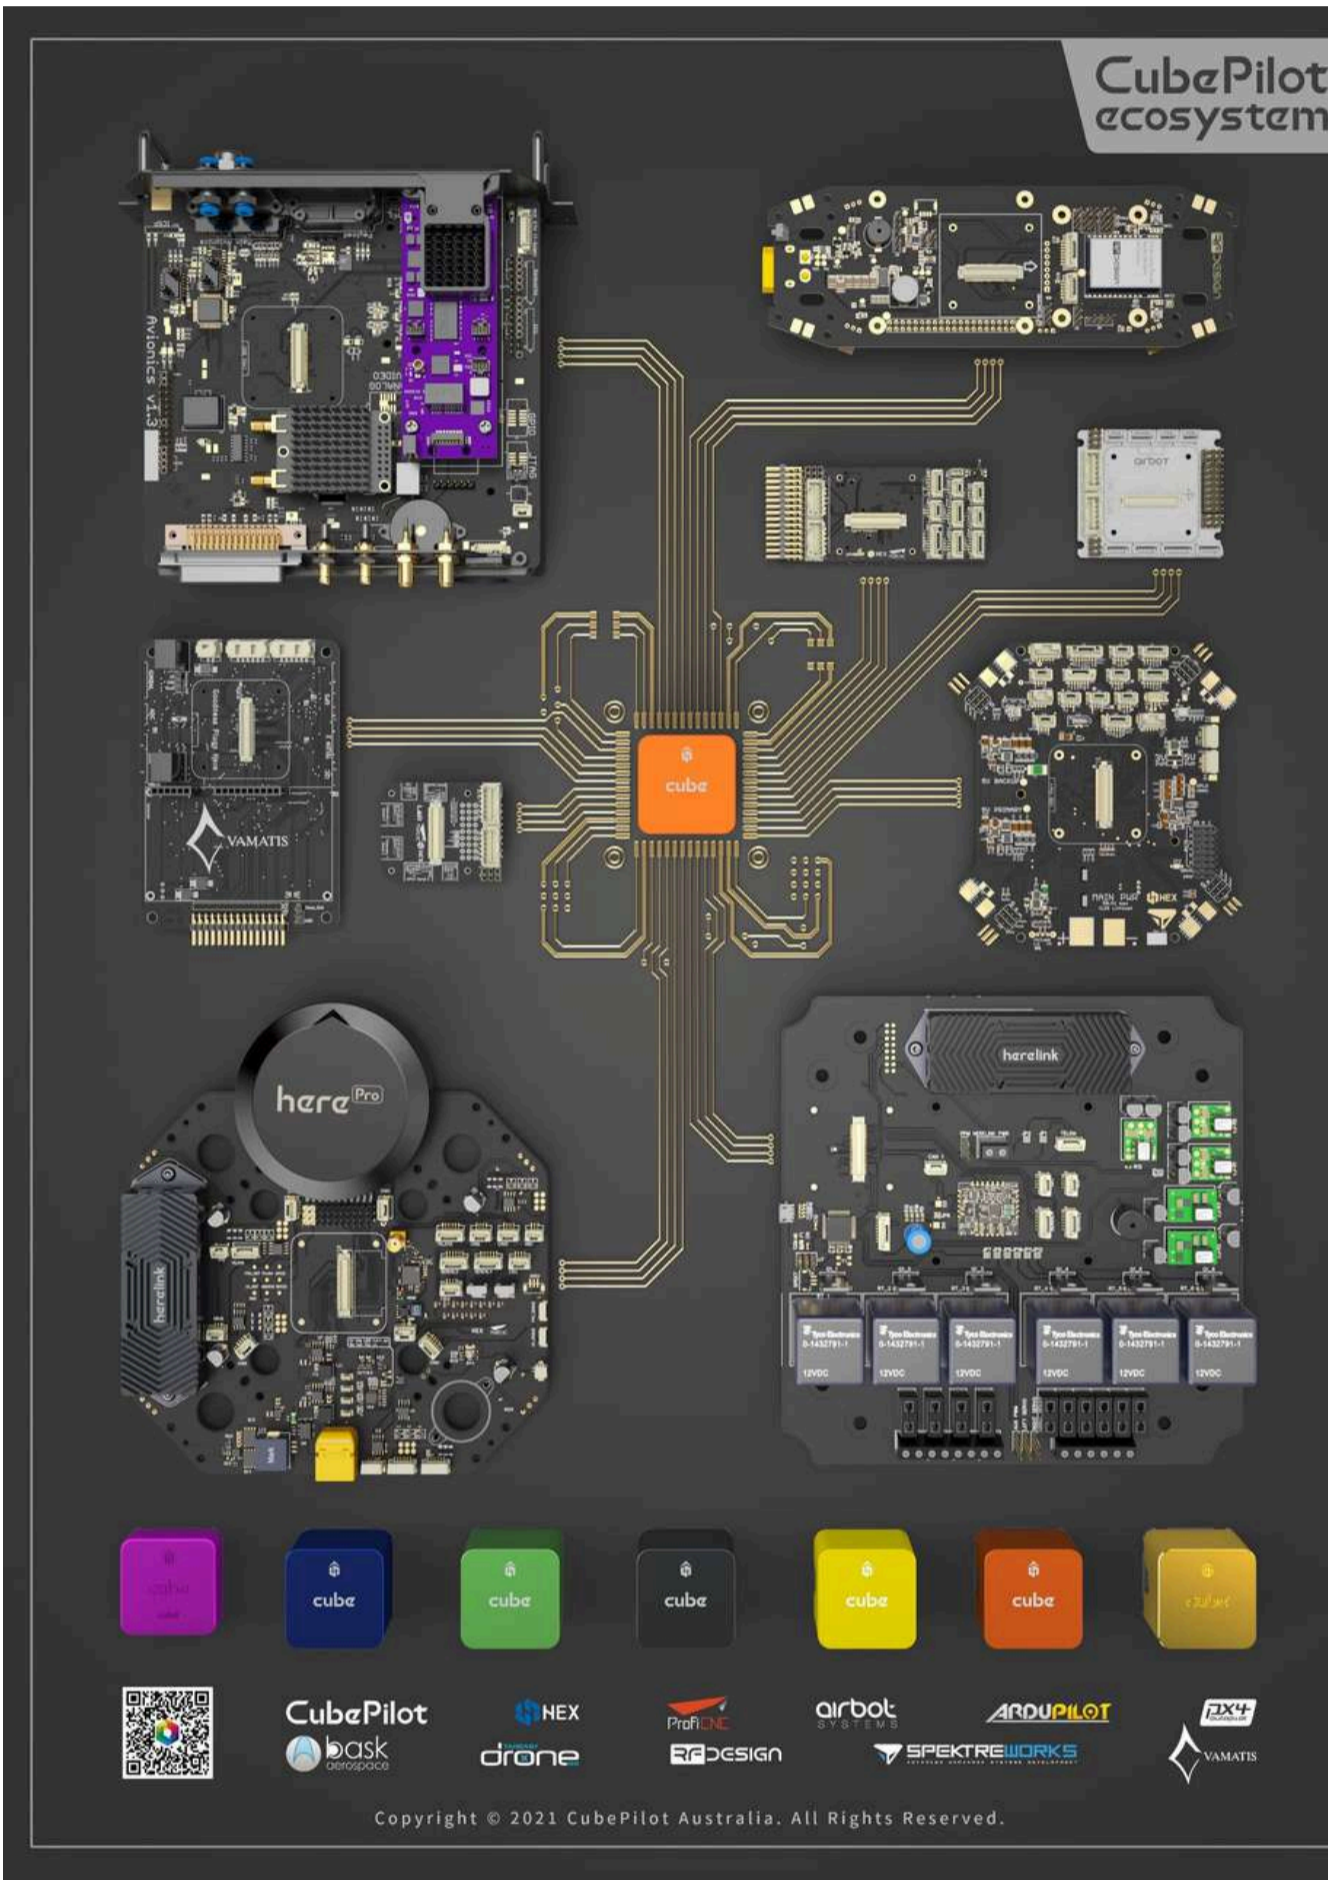

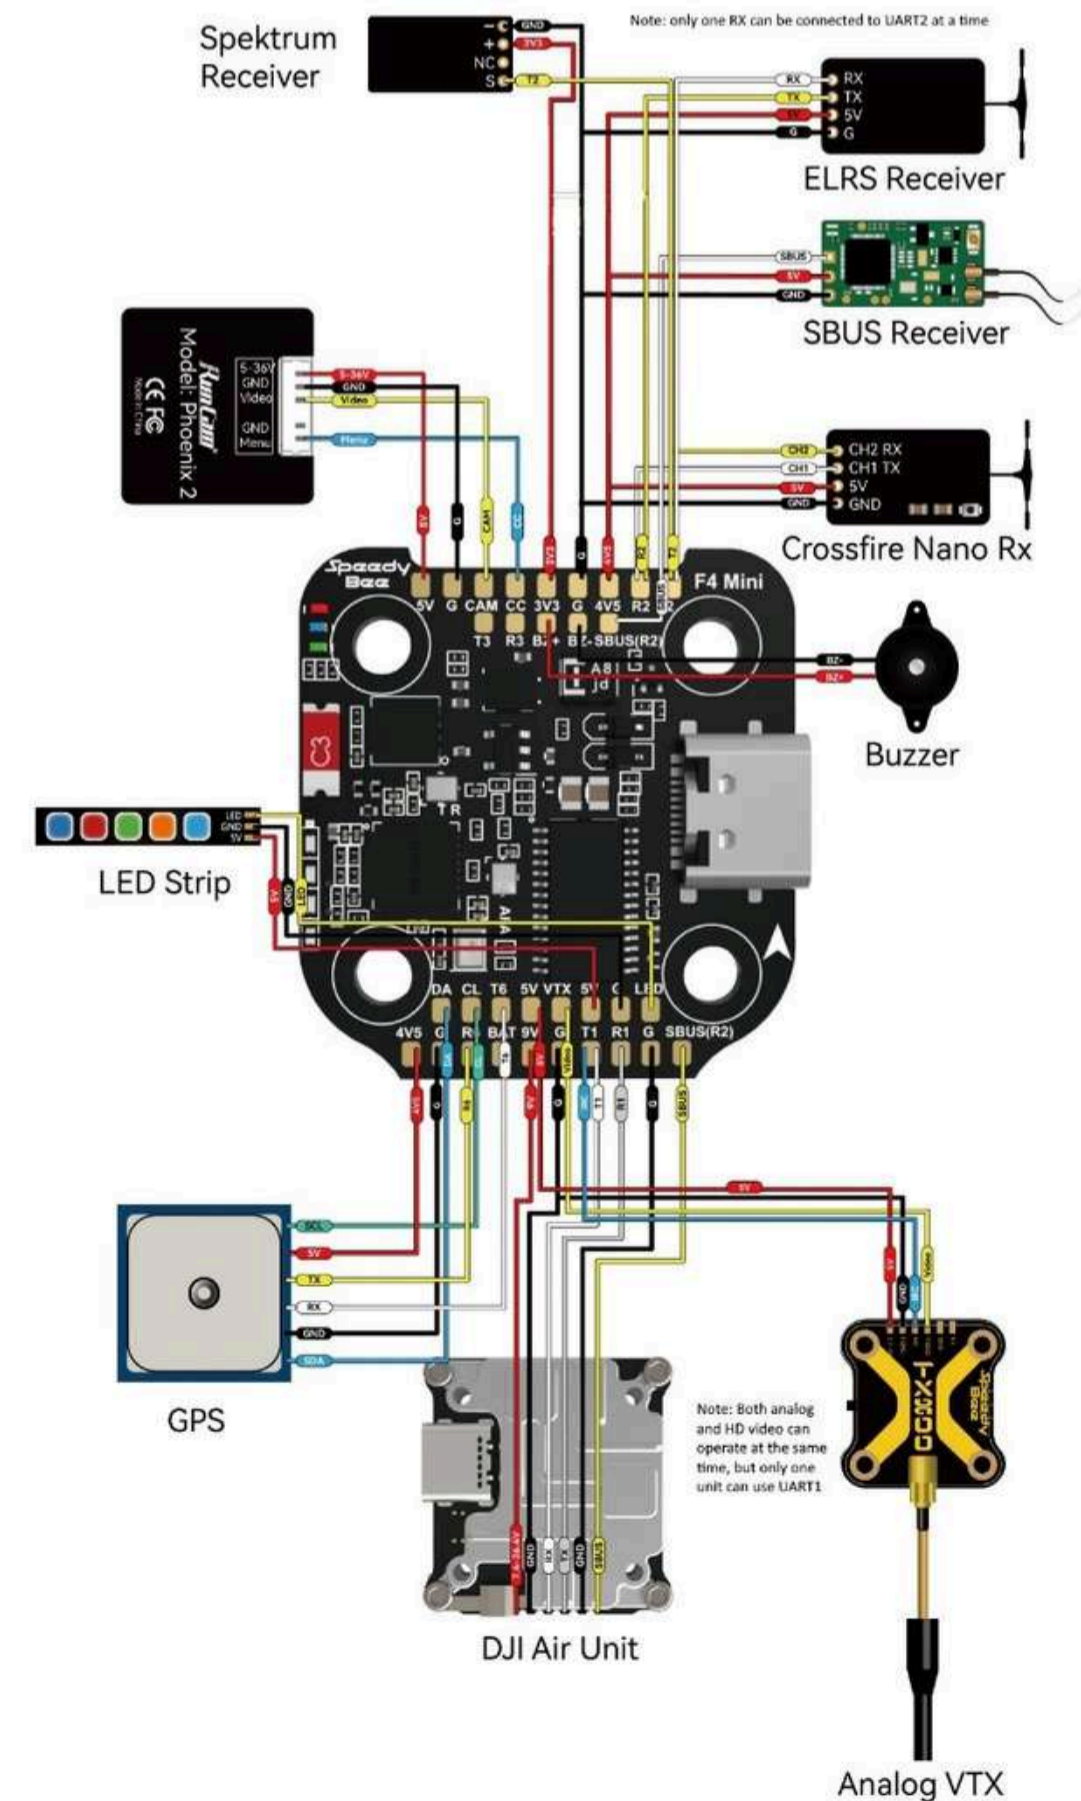

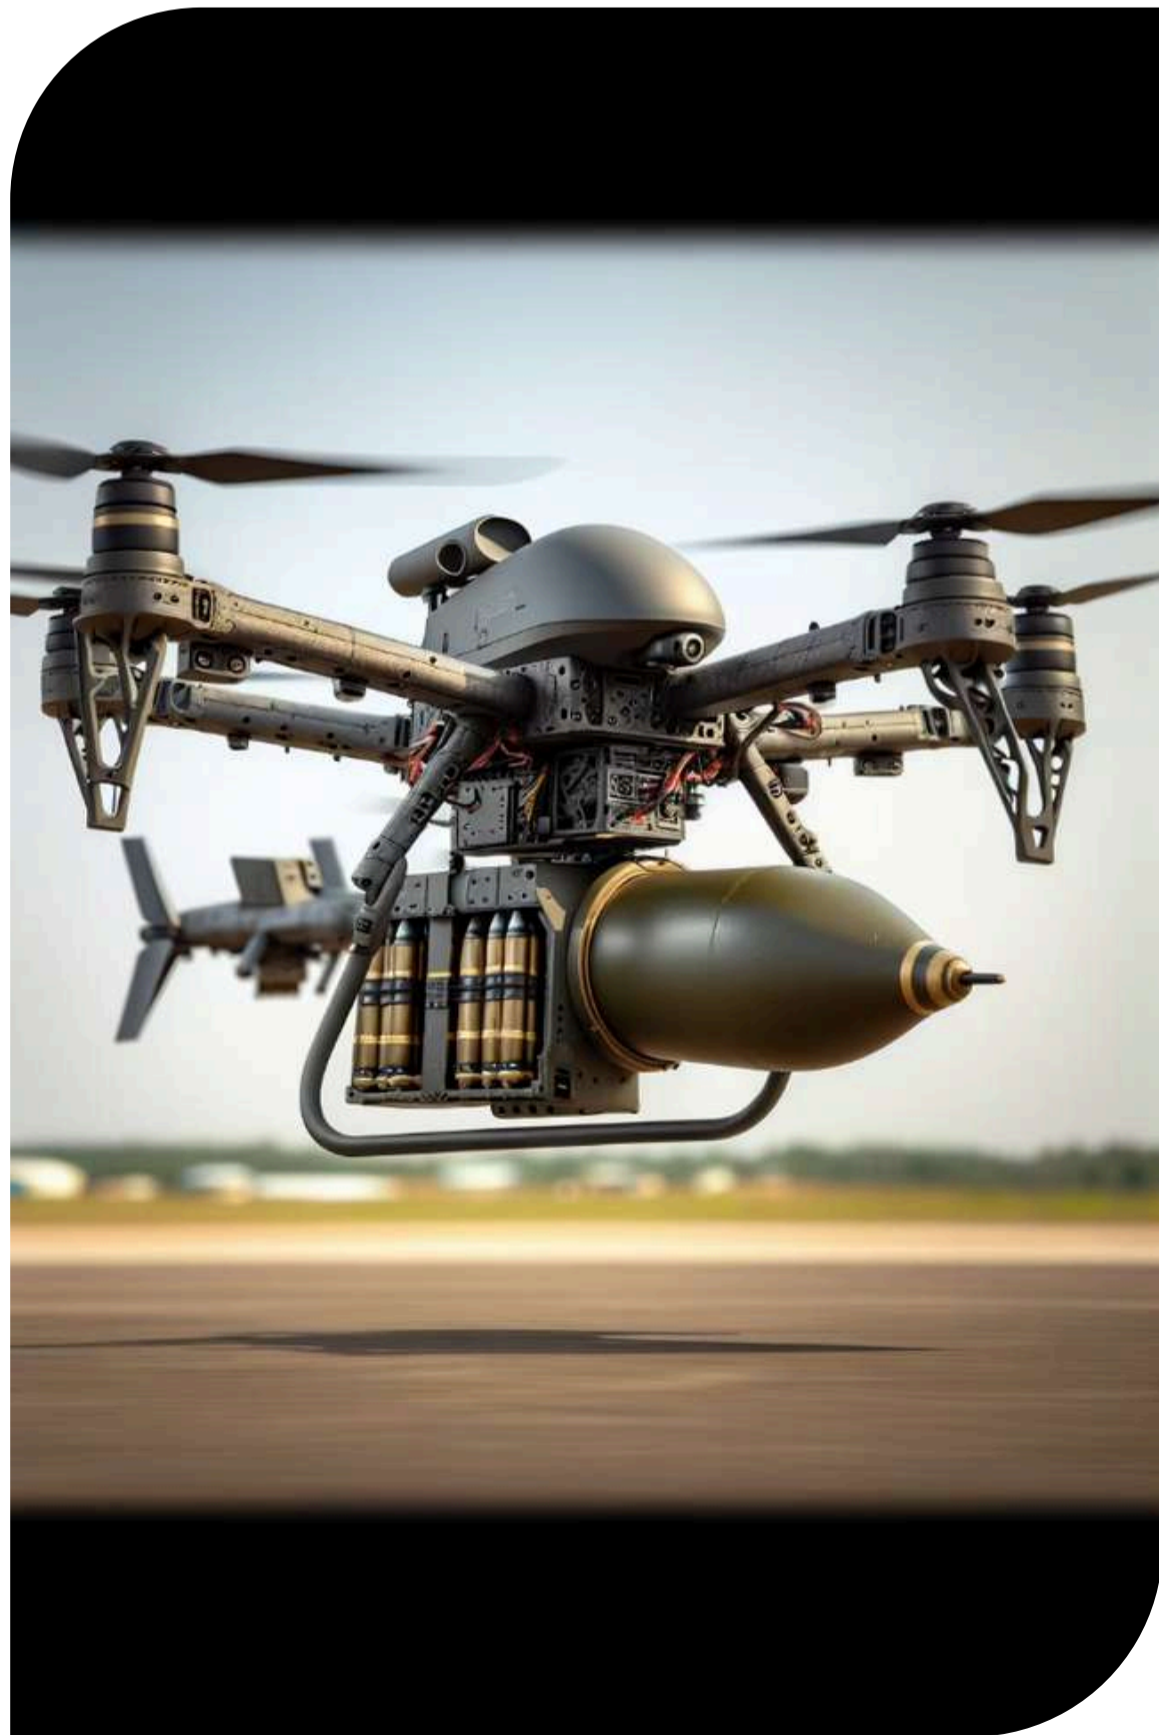

Module-6: Develop and producer Flight Controller and FC SOFTWARES

Module-7: Develop Custom Ethiopian Software ( Flight controller management, Ground control Software, Crypto Datalink Software, ANTI-Jamming & Antij spoofing CRPA systems, Gnss Modules, LT communication)

- 1.ELECTRONIC BOARD (FC) MACHINES USAGE
- 2.OWN COMPONENTS
- 3.ANTI SYSTEMS
- 4.CONTROL STATIONS
- 5.HIGH CAPASITY PROTECTION FOR TECHNOLOGY

TOTAL COURSE: 180 DAYS - CLASS CAPACITY MAXIMUM= 20
